

DrRacket Version Tool

Version 9.1

February 22, 2026

```
(require version/tool)      package: drracket
```

The `version/tool` library implements a DrRacket tool that

- makes the patchlevel display as a version $p\langle N \rangle$ suffix in DrRacket (though the base version reported by `(version)` is not changed);
- if enabled by the user, periodically checks whether a new Racket distribution is available for download.
